

## Foundation Labs

**Good news – we’ve lowered our Foundation Labs costs!** Ongoing and successful efforts by our research and lab teams have resulted in new testing capabilities allowing us to bring third-party testing in-house, thus lowering the cost of your blood tests.

**Effective February 1, 2021, Foundation Labs is passing these savings directly to all our patients. A \$500 reduction in the cost of lab work will now lower the maximum out-of-pocket cost to \$2,500 (previously \$3500).** Please note that the \$500 deposit toward the cost of lab work remains in effect for each lab appointment.

This cost reduction exemplifies how customer service, financial impact and patient satisfaction is hard at work at SoCal Food Allergy Institute.

### PPO, Medicaid, Private, Other

\$500 deposit due on  
appointment date

If your out-of-network request is **approved** to be seen at Foundation Labs (an out-of-network laboratory) at an in-network rate, you will be refunded your full deposit once your insurance has paid the claim.

If your out-of-network request is **not approved**, your deposit will go towards your outstanding balance of your laboratory bill (\$3,000) and you will be responsible for the difference.

### HMO

\$1,000 deposit due  
on appointment date  
and \$1,500 due within 4 months,  
per lab visit

### Kaiser Insurance

\$1,000 deposit due  
on appointment date  
and \$1,500 due within  
4 months, per lab visit

### Cash

\$1,000 deposit due  
on appointment date  
and \$1,500 due within  
4 months, per lab visit
