LINC Breaks Ground at Springhaven

Thanks to all who attended the recent groundbreak for Springhaven, a 100-unit community located in the Willowbrook neighborhood of unincorporated Los Angeles County. With scheduled completion in late 2020, Springhaven will provide affordable apartments for low-income households, including families and individuals who have experienced homelessness. The site will also have a childcare facility run by Drew Child Development Corporation to serve the greater community.

A Day of Learning and Fun

Thanks to a generous donation from the Office of Supervisor Hilda Solis, young adult parents and their children living at Mosaic Gardens at Huntington Park visited Discovery Cube in Sylmar for a day of family bonding, learning, and fun. The group visited the local library beforehand to practice community safety and good behavior at museums.
